In order to prepare for the Saliva Testing Programme, we require you to create a "Permanent Record". This will allow us to use the information on file whenever the test is conducted.

The instructions below will guide you in setting up your Permanent Record.

- 1. Click on the following link: <u>https://workers.resqwest.com/web/</u>
- 2. Click "Check Availability" Tab

Occupational Groups		
CR-Occupational Health RECORD		
Please create a record. Future tests can then be added and scheduled using your details from this record. Only book one person and one spot at a time.	-	
COVID-19 health screening registration for the Bermuda Government Molecular Diagnostic Testing Laboratory. Please bring the confirmation number provided, via the email confirmation, with you for your screening. Please bring a photo ID to your appointment.	Click Here	CHELK AWALABILITY
IMPORTANT: This is not an appointment for a test, it is to establish your record to which tests will be assigned. Instructions: You will receive an email well in advance of future tests dates.		
Polymerase chain reaction or PCR Testing detects the presence of the COVID-19, thus identifying persons that have an active infection with the virus; this test is administered through a nasal swab. PCR test results enable the Ministry of Health to detect who has an active infection, isolate them and identify those that they have been in contact with.
